**The Morning Show with Justin and Bo**

Every morning, Coach Mills and Coach Kilby share daily announcements including academic, lunch, and sport updates with our middle and high school students. We end with a trivia question.

## Trivia Question:

What country is home to the most volcanos?

Scroll to the bottom above the mission statement to find the correct answer.

## Persimmons and Weather Forecast

According to folklore, if you crack open a persimmon seed from a

ripe, locally grown fruit and look at the shape inside, it can forecast the winter weather for the area in which it was grown:

fork shape: winter will be mild

spoon shape: there will be a lot of snow to shovel

knife shape: winter will be bitterly cold that "cuts like a knife"

Mrs. Fowler's Environmental Science class dissected persimmon seeds to test this theory! If the forecast is true...we are in for a bitterly cold winter!
